Elizabeth Litts focuses on providing Sustainable, Responsible, Impact (SRI) investment management solutions that integrate her clients' most important Environmental, Social & Governance (ESG) preferences. She builds a personalized Investment Policy Statement (IPS) that provides a road map which clearly spells out risk tolerance, time horizon, objectives, fees and expenses, investment philosophy, and strategy. She then constructs a custom portfolio using specialist 3rd party managers who have been carefully vetted through the firm's due diligence process. She believes in the importance of broad diversification and strategic rebalancing. She also believes in full transparency and maintains an arm's length relationship with her managers to preserve the firm's objectivity and integrity. While the selected 3rd party managers are responsible for the initial and ongoing due diligence on any sub-advisers they use, Litts reviews the 3rd party investment management platforms and client portfolios at least annually to ensure that portfolios are aligned with a client's stated objectives and risk tolerance.
